

HEROES WEAR HAIX®

HEEL BEND

HIGH QUALITY MATERIALS

HAIX® AS SYSTEM

Upper Material: a combination of soft and supple waterproof leather, hydrophobic, breathable, 1.8 – 2.0 mm thick and nylon fabric

HAIX® Climate System

Moisture Barrier: GORE-TEX® XCR® footwear, waterproof, breathable, chemical resistant

Inner Lining: GORE-TEX® footwear, 3 layers with inner Cambrelle® lining especially abrasion resistant, softly padded with breathable foam

Footbed: anatomically formed, quick change, machine washable insert with excellent moisture absorption and quick drying qualities

Insole: anatomically formed, Texon (fleece) absorbs moisture and supports ankle

Sole: nonslip nitrile rubber outsole: oil and fuel resistant, self-cleaning tread, antistatic, nonmarking, PU-shock absorbent, inner sole stitched, sole directly injected

Other: anatomically formed and softly padded tongue, light weight, high quality quick lacing eyelets, reinforcement in the toe and heel area, antistatic characteristics, additional leather reinforcement on both sides of the arch which extends below the edge of the sole and heat resistant sole bonding

HAIX® AS System: the Arch Support System features built in arch support
